And when David started out there to fight Goliath with all this big armor on, he looked around, he looked back, he looked like the rest of them, so he said, "There's something wrong here."

205 As long as you are like the world and compromising with the world, and doing the same thing that the world is, there's something wrong.

206 David said, "This looks too fortified. I've got a Doctor's Degree, I got a Ph.D. See, I belong to a great organization, how could I ever go fight with all this stuff? I don't know nothing about it. I don't know nothing about it!" David said, "Take the stuff off of me." That's right. "If I'm going to fight for God I don't want to look like this bunch of cowards standing here, all armored up and pierced up. I can't have a meeting..."

207 Many meeting, many man, many ministers that come to me and confess that they believe that Name of Jesus Christ is right to be baptized in, but say, "Our organization would put us out." You poor excuse! Take Saul's armor off!
