# II CORINTHIANS 10:7 - 18

. . . measuring beyond our measure . . .

## 65-1127B Trying To Do God A Service Without It Being God's Will

If I don't, My life and My works don't compare with His Word I'm supposed to do, then don't believe Me, I'm not Him; but if it does, then believe the works if you can't believe Me," He said.

## 65-0919 Thirst

We always say today, people try to say, “We compare. We’ve got to compare Bible leaf with Bible leaf, Scripture with Scripture.” That isn’t the Truth. No, it isn’t the Truth. “This Greek word means this, and this means that.”

## 65-0919 Thirst

... The Greeks themselves, way back in the Nicaea Council, and then writers back in there, they had different forms. One believed this way, this Greek scholar meant this, and the other one said this one meant it this way. ...

65-0919 Thirst

... And they fussed over It.

We don't need  
interpretation of Greek  
scholars or Greek words.

65-0919 Thirst

... “To know Him is Life,” the Person,  
Christ Himself! Not comparing. It’s a  
revelation that God built His Church  
upon. And if we don’t build upon  
that same Church...The Bible said,  
“Abel, by faith!” ...

65-0919 Thirst

... And faith is a Divine revelation.

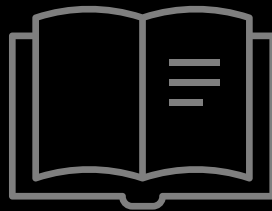

See, faith is a Divine revelation. All right. This whole Thing is built upon the revelation then, and unless this is revealed to you!
