

The Angel Baker

PSALMS 78 : 24 - 25

... Angel food ...

63-1214 Why Little Bethlehem

But the Spirit reveals It. The Word shows It. It's the manifestation of God's Word. We have Life through Christ, and Him alone. Our organizations, our denominations, our differences, only separates us from God. ...

63-1214 Why Little Bethlehem

... We have one access to God, and that's through Jesus Christ. There's not another way that we can come through, in by no priest, no preacher, no system, or nothing else, only Jesus Christ and Him crucified. He's God's Bread of Life, and we are borned in Him. ...

63-1214 Why Little Bethlehem

... And if He is God's Bread of Life, then He is Bethlehem. And being born in Christ, we are then God-born in Bethlehem, in Christ Jesus, sitting together in Heavenly places, eating of Him. Eating of Him! Who is He? He's the Word. ...

63-1214 Why Little Bethlehem

... “In the beginning was the Word, and the Word was with God, and the Word was God.”
And when we can sit with one objective, the Word of God, and feed upon That, we are in God’s spiritual Bethlehem, eating God’s spiritual Bread, and our souls punctuating every Word that He spoke, with an “Amen!”
We enjoy this Heavenly angel Food. ...

63-1214 Why Little Bethlehem

... When It says, “These signs shall follow them that believe.” The creed or denomination says, “Oh, It isn’t so.” But the real man who’s born in Bethlehem, says, “Amen!” ...

63-1214 Why Little Bethlehem

... “The works that I do shall you do also.” The denomination says, “It’s a bunch of work-up emotion.” But the real Bethlehem dweller says, “Amen,” because he is satisfied, That’s angel Food. (END)

We've learned
“the natural types
the spiritual”.

Can we look at
the spiritual
to navigate
the natural?

55-0605 Fellowship Through The Reconciliation Of The Blood

Here some time ago, I read where a little baby boy eat the erasers off of a pencil, eat the rubber off of a bicycle pedal. They took him to the laboratory to find out what was the matter with him, or at the clinic, rather. They found out his little body needed sulfur. And sulfur was in the rubber. ...

55-0605 Fellowship Through The Reconciliation Of The Blood

... Now, before there could be a crave for sulfur, there had to be a sulfur out there to respond to that crave. And if there's a desire in a human heart for more of God, there's got to be more of God somewhere to find. ...

55-0605 Fellowship Through The Reconciliation Of The Blood

... If a man believes in Divine healing and knows that God is a Healer, there's got to be a fountain open somewhere. For there's got to be a deep to respond to every desire.
Amen.

America:
Obese and starving

Can't we just pray
over our food?

I KINGS 19 : 2 - 8

... Elijah and the Angel ...

65-0822E A Thinking Man's Filter

Now you got the evidence of the Holy Ghost, see, a holy man or woman's taste.

They want to live. They got Eternal Life. And because this Word is quickened to them, they live; a thinking man's Filter, and a holy man's taste.

65-0822E A Thinking Man's Filter

Don't take the world, like them cigarette companies, under a deception, but take the real thinking man's Filter. Filter the breath that you breathe, the food that you eat, everything that you are; breathe it through God's Word, and you'll have a holy man's taste. For, It will produce that, for He's the same yesterday, today, and forever.

65-0919 Thirst

When God made everything in the garden of Eden, it was lovely, then Satan come in and perverted. Satan cannot create nothing. There is only one Creator, that's God. But Satan perverts the original creation. And now he's got into (this I want to speak tonight about) perverting the original creation of thirst.

65-0919 Thirst

Now, a woman, as I said before,
wants to be pretty. There is
something in her, that she is
feminish and she wants to be that
way.

65-0919 Thirst

But the way they are on the street today, hair cut like a man, wearing men's clothes; and then men turn around, wearing women's clothes, and a haircut like a woman. See, it's a perversion, the whole thing! Your food is perverted. Your life is perverted. Your thirst, perverted. Your desire is perverted. It's a day of perversion!

65-0919 Thirst

Think of that. Little girls in menopause, and twenty, and twenty-two and twenty-three years old, middle age. You see, what's done it, it's been this hybrid food and stuff we're eating. See, it's the stuff, the food and the life that we're living. Scientists has brought it to us, and, in doing so, they're killing you.

65-0919 Thirst

The thirst also is an alarm. It's an alarm clock, that thirsting. The soul sets off alarm clock, a little buzzer inside of you that tells you that death has lurking nigh. That, if you don't get water pretty soon, you've got to die. And it gets louder and louder, until finally you keep putting it off and you'll die, because it's an alarm clock.

“In the beginning was The Word ...”

Ultra-Processed Food

- Hot Dogs
- Packaged Bread & Wheat Products
- Soda
- "Food with ingredients you won't find in your kitchen"

ULTRA-PROCESSED FOOD LINKED TO...

obesity

type 2 diabetes

cardiometabolic diseases

many cancers

gastrointestinal disorders

asthma

anxiety

depression

cardiovascular events

all-cause mortality

How do we know
they are bad for us?

Because God didn't
make them that way.

“In the beginning
was The Word ...”

Modern Processed Wheat

Modern processed (refined) flour poses significant health risks due to the removal of fiber and nutrients, high glycemic impact, and industrial processing. It is strongly linked to weight gain, obesity, type 2 diabetes, metabolic syndrome, and cardiovascular disease. The ultra-refined powder can act as an antigen, potentially harming gut health.

Key Dangers of Modern Processed Flour:

- Rapid Blood Sugar & Insulin Spikes
- Weight Gain & Obesity
- Chronic Disease Risk
- Nutrient Deficiency
- Gut Health Issues
- Hidden Additives
- Synthetic Enrichment

“ While some argue that refined white flour is not toxic and just less nutrient-dense, the consensus in studies points to its high consumption being a major factor in modern health issues.”

Einkorn (and other “ancient” grains)

- Sometimes called the "mother of grains"
- Improves health
- filling
- Ancient grain that does is *not able to hybridize with other wheat*
- 14 chromosomes instead of 42 in modern wheat
- Does not spike glucose like modern wheat
- Higher vitamins
- Higher protein
- Higher fiber
- Minimum and different from of modern gluten

Then why would
such food be sold?

ANCIENT WHEAT

How it used to look baCK
during the time of Moses!

MODERN WHEAT

Hybridized and bred to
be bigger to give a higher
yield

EXODUS 16 : 4 - 5

... Elijah and the Angel ...

EXODUS 16 : 14 - 21

... Manna arrived ...

Estimated 40%-45%
nutrients in all wheat is lost
within 24 hours of milling.

Choice?

65-1125 The Invisible Union Of The Bride Of Christ
Reading Reader's Digest, here not
long ago, where young girls are going
through the menopause, and men,
the change of life, between twenty
and twenty-five years old. They're
going through their middle age. ...

65-1125 The Invisible Union Of The Bride Of Christ
... Corruption (Why?) because of
scientific research of food and stuff
that's broke down, from the natural
things we should put in our body. We
are nothing but a bunch of dying
corruption.

65-1125 The Invisible Union Of The Bride Of Christ

... Now, that's what the church is, also. It's in the same condition.
